This Association is the largest, oldest and most successful Mutual Insurance Association in California and the majority of its members are in and near San Francisco where it is best known. It now confuses its Agencies to the Pacific Coast. The wisdom of this act is shown by the strenuous efforts made by the Eastern companies for California business, recognizing as they do, the necessity of equalizing the extra death rate elsewhere caused by climatic conditions. "An insurance company that reaches too far is liable to disasters common to the merchant who spreads his business over all Creation."
